# *We Will Always Remember Him*

A man who can through every strife
  Inspire us toward our goal,
To help us have a richer life;
  He works with heart and soul.

He is serious and earnest, too,
  In all he undertakes;
Yet often times some humor through
  His kindly nature breaks.

He's known for his snow white hair
  And much nail chewing; we see
At all the sports events he's there
  Urging the boys to victory.

He's patient as any in this land
  When students have problems in math;
He's always ready with a helping hand
  And sets them on the right path.

The Seniors say "Thanks" for all,
To Mr. Frederick, our principal.

# *Teachers In Verse*

Mr. Arney is teacher
Of science and math.
Chemistry, too,
Is another he hath.
He's the bank of lunch mon
Which is not nearly all fun.
Sh-h-h! The top of his head
Shows quite a wide path.

Mrs. Arney, "Dollie", has
Multiple "dooties" to do.
Librarian, play director,
English and art teacher, too.
Edits news for the Times,
Corrects all our rhymes,
Helps the seniors compile
Their "Who's Who."

Our Economics teacher
Mr. Libey, or Wade,
Shows F.F.A. boys how
Successful farm homes are made.
Takes trips with his crew
Coaches 4-H'ers, too.
Helps the boys to raise
Livestock of excellent grade.

Home Ec. teacher, Miss Dunn,
Petite, little June
Shows the girls how to keep
A whole household in tune.
Steers the 4-H Club crew
Future Homemakers, too.
Makes salads, cookies, cakes,
And often a good mac-a-roon.

Miss Gfellers instructs
In pothooks and curves,
Also typewriting, business,
And math we observe.
She's a long time been here
And we give her a cheer
Much credit for all our
Success she deserves.

She teaches our
Tooters to toot,
And drumming and
Singing to boot.
We've a very good band,
And here's a "big hand".
Take a bow, Mrs. Soudah,
Toot! Toot!

Mary Wolfe teaches
Phy. Ed. to the fair,
Is a substitute any
Time any where.
Though Wolfe is her name
She's really quite tame
Ever ready her
Talents to share.

She's teacher of Latin
And English--Miss Schooly
She keeps the 8th grade
From being unruly.
She smiles when we work
And frowns when we shirk.
She inspires interest in
Literature, truly.

Here's Everetts, athletic
Coach, "Hank".
For some good wins,
We have him to thank.
Also history lore,
And what's very much more,
Inspiration to be
A good "Yank".

# *Class Poem*

Take a look at us, the class of '53. Our high school days are thro'.
And now to all we bid farewell---'Miss us, like we'll miss you.

Ruth Bowerman,
A Wave wants to be.
Someday we'll hear from her
Way off across the sea.

Carolyn Brand, with work
At Garrett she's thrilled.
She meets some real nice guys
Who keep her date book filled.

Jean Brand,
A real sweet lass,
Will turn up someday
In a college class.

Bob Bowman, who's wit
Is well-known,
Someday may end up
With a show of his own.

Marlene Bronneman,
The piano can play.
A concert pianist
She'll be someday.

David Dilley,
Our lady charmer,
Would rather be
Just a farmer.

Jackie Days,
Our bashful gal,
Has always been
Everyone's pal.

Theresa Ellert has bleached
Her hair, you see---
Someday an artist
She wants to be.

Sheila Forrest
In June will be
The happiest girl
You'll ever see.

Marianne Gfeller,
Who works as a waitress,
Leaves all her customers
In such distress.

Johnny Hartman,
Who's temper flares
At the drop of the hat--
Who cares??

Myron Hoyer
Has trouble with the girls--
Cause the least of his worries
Is how his hair curls.

Joyce Hecht,
Our efficient president,
We drove her to the nuthouse,
And willingly she went!
(Peace, dear peace!)

Don Kanaga,
Our basketball star,
Once got picked up in
His little 'ole car.

Pat Gramling
Has always loyal been
To Donnie Stackhouse,
Her faithful boyfriend.

Charles Kessler
Has always been shy,
But everyone knows
He's a real nice guy.

You may be surprised
To know that
Arlene Kester
Can really sew.

Lora Kneubuhler, who's
Last name, you know
Must be spelled
Just so-so.

Bonnie Loucks, our Editor
Of the "Red and Blue"
Will someday get to
Speak her piece--"I Do".

Red Mavis with
His bright red hair
Has always got
A joke to share.

Bette Ann McClish,
Our little knitter,
Will someday be
A baby sitter.

Carol McClellan,
Our twirling girl,
Can she ever make
That baton whirl!!

Shirley Metzger,
Who USED to be quiet,
But we all know--
She's quite a riot.

Anita Montgomery
Who likes to "spark"
Will someday be
Mrs. Robert Clark.

Kenny Parker,
Our "Handy Man"
Got into predicaments--
And he still can.

Phyllis Perkins,
"Handy Man's" mother,
But everyone knows--
She's really his lover.

Jo Parnell's going
To Ball State.
Wonder why??
Because there's Dayt.

Carol Rogers, with
Paint brushes handy,
On her canvas she's painting
Her love for Andy.

John Shipe, our
Mathamatical whiz,
Someday will show just
How smart he is.

Judy Shore, our
No. 1 basketball fan.
I wonder why?
'Cause Don's her man.

Harold Smith,
Who likes to skate
It's up to him
To name HIS fate.

Maryellyn Smith,
Glora's blonde haired pal
Everyone knows she's
A jolly fine gal.

Ray Stahl, who's
Ambition's well-known,
Mission accomplished, He's
Got a girl of his own.

Glora Warner, office girl,
Cheerleader, friends galore,
With Bob as her Airman
She wants no more.

Arlene Zongker, who
Always can be heard,
Greets everyone with a
Smile and a friendly word.

Goodbye and Goodluck
To one and all,
We'll surely miss you
Come next fall.

# Class History

Amidst the clamoring of the upperclassmen, there appeared in the halls of Ashley High, in the Fall of 1950 a new group of "greenhorns". Coming from all directions we assembled in the assembly. There were so many of us that more seats had to be added to the freshman part of the assembly. Our sponsor was Mr. Fee who had the job of starting us 49 scatterbrains on our way to learn the rules of "Old Ashley High". We had a class meeting and elected Glora Warner, president, Shelia Forrest as secretary and Shirley Metzger as historian. Betty Jo Parnell was reporter. It wasn't long until we lost some of our classmates.. In March, Sally Allen moved to Michigan, Laurine Henderickson left us, Donald Stomm could not finish the last semester because of sickness. In March, Ruth Bowerman came from Angola. November 28th we sponsored a skating party. On March 24th we had a pot-luck supper at the schoolhouse after which Mr. Parker took us to Auburn to a show.

The sophomore year found us minus two boys. We had gained a new one; Danny Wright from Salem. By now we were all accustomed to lessons and studying so before long we choose John Shipe, class president; Van Smith, vice-president; Glora Warner, secretary; Shelia Forrest, treasurer; Maryellyn Smith, class reporter, and Paul Everitts as our sponsor. On October 2nd we picked out and ordered our class rings and received them on December 18th. On December 20th we had a Christmas exchange and attended the show at Angola. We must never forget our sincere gift to Miss Eckles, limburger cheese which left the schoolhouse with such a good odor that we were told we could not have anymore parties at the schoolhouse. On May 16th we had a party at Judith Shores after which we went on a hayride to attend the show "Two Weeks With Love" at Waterloo.

Under the guidance of John Shipe as president, Joyce Hecht, vice-president, Glora Warner as treasurer, Maryellyn Smith as class reporter, Shirley Metzger as class historian and Dolly Arney as sponsor we began our Junior year with determination that we were really going to work so we could have a four day class trip. Velma Beard and Brian Hamman discontinued their schoolwork and Jewell Hall moved to Auburn. On December 13, 1951 we had a Christmas Party at the town hall. On March 25-26 Glora Warner went to Bloomington to a geometry contest. We had two bake sales and two paper drives. On April 19, 1952 we presented our class play "Handy Man" which was very successful. Maryellyn Smith represented us at the music contest at Indianapolis. We started on our longed-for trip on May 7th.

The senior year opened with but 35 left. Joyce Hecht was elected president Maryellyn Smith, vice-president; Shirley Metzger, secretary; Judith Shore, treasurer; Shelia Forrest, reporter; Don Kanaga and Phyllis Perkins, historians; Mr. Fredrick, sponsor. We presented the play "Love Is In The Air" which was a great success. Next on the agenda we attended a thrilling Hockey game at the Coliseum. From then on we found ourselves in a turmoil of completing the annual. Finally there came the end of our school days-the trip, baccalaureate, and from all these activities we know that "WORK WILL WIN WHERE WISHES WON'T".

# Class Prophecy

One bright morning in the spring of '63 I decided I'd like to find out what my old high school classmates had been doing since our graduation ten years ago. So I jumped in my antique Model-T and started on my tour.

I began my trip at Chicago where I went to Marshall Fields to buy my traveling wardrobe and who should be modeling the gowns but our own Carolyn Brand. She still looked good in her knit dress too!

After I finished buying my clothes I still had a couple hours till my car would be ready so I thought I would go to the Chicago Conservatory of Music to visit my old friend and classmate, Marlene Brenneman, who teaches piano there. I hear she is scheduled to do a concert tour which will include Community Concert at Auburn, Indiana (Only eleven miles from our old school house.)

I then traveled to New York to visit our "would-be" butter and egg man, Red Mavis, who ended up as a wrestler! He's at Madison Square Garden this week. What a physique!

By this time my hair was looking a sight so I asked Mrs. Thomas Dewey to tell me what she considered the best beauty salon in New York, and without hesitation she referred me to Anita Clark's beauty salon on Fifth Avenue. I went, and I must say my hair looked lovely for my visit to Maine and the Dow Air Force Base where, as you know, the former Glora Warner is living with her husband, Commander-In-Chief, Robert S. Hartman. We had tea in their lovely house trailer.

I then traveled down the Atlantic Coast to Washington D.C. to visit our shy guy of 1953, Charles Kessler who is now Senator Kessler of 1963; he is strickly against the filibustering law, which is still trying to be passed. As I entered his office who should greet me, but Lora Kneubuhler! It seems she is employed there as Senator Kessler's private secretary.

As I was passing through Deleware, I noticed a hitch-hiker and stopped to pick HER up. It was Ruth Bowerman, all dressed up in her Wave uniform and headed for the base after a 3-day pass in Washington D.C.

I went on down to Georgia to visit Bonnie Wiler who is there with her husband, Tuffy. They have a nice little family started and seem very happy.

From there I went on to Florida for a little rest before journeying back west. I stopped at a little place called "Days Resort" in Miami (Day sleeping only) and was suprised to see our own Jackie Days as the proprietor who made an exception and allowed me to stay all night.

I arose early in the morning to get started on my way. Along in the afternoon I became hungry and stopped at a little truck stop in the wilds of Louisanna, where I found Marianne Gfeller back of the counter. She married one of her steady customers at the North End Truck Stop in Waterloo and ended up in Louisanna!

From there, on my way to California I remembered something about somebody being in New Mexico and sure enough, when I went through, I saw Arlene Kester with all her kids and her old flame, Donald Green, as a husband. She's putting her sewing ability to good use now!

I finally got to California to board my ship that was to take me to the Hawaiian Islands where I planned to visit Carol McClellan who was there on a delayed honeymoon with her husband, or course. We shared old twirling experiences--especially with Ezzy Reinoehl. She told me Kenny Parker was stationed there as captain of the jet carriers. He's in the Navy, you know. Harold Smith was there too, as a mechanic.

Just as my boat was about to leave our regular captain became ill and had to be replaced. Do you know who it was? Admiral David Dilley! And Bob Bowman as his right hand man! Ah, the life of a sailor!!

By this time it was the last of July and I had to be thinking about getting home so I decided to fly back in order to have time to go to the rodeo in Wyoming. Pat Gramling surprised me by appearing in a stewardess uniform. We had fine buzz sessions all the way home. She said this would be her last flight because Donnie had finally asked her to marry him.

I arrived in Wyoming just in time for the rodeo. The big star was "Hero Moyer". I thought it sounded good so I hurried in to my seat. The great "Hero" finally appeared but it really wasn't a hero at all--it was just old Mike!

I still wanted to buzz through Kansas to see Sheila, who is there with her airman husband. We had a good 'ole jam session reminiscingabout all the times we had in the office--NOT Fred's--Glora's!!

I heard that Bette Ann was in Minnesota so I stopped to see her too. It seems Ralph is playing with the Minneapolis Lakers since Mikan retired, so of course Bette is there with him.

Then all of a sudden I was in Fort Wayne--almost home! I wanted to go up town to get some school clothes. I discovered Theresa Ellert and Carol Rogers working as artists for Wolf and Dessauer.

As I was passing the Coliseum, remembering when it was built, I decided to stop and look around. The Pistons were practicing for a big season coming up and who was out there yelling instructions but big Don Kanaga, so I set down to watch awhile. Suddenly I realized I wasn't alone. I looked around and sure enough! There was Judy, STILL yelling her lungs out at basketball games.

When I looked at my watch I noticed it was getting late and I had to hurry home! I guess I tried to hurry too fast because I tripped and fell down the ramp. They thought I had broken my ankle so I was taken to the Lutheran Hospital in Fort Wayne

in an ambulance driven by John Hartman! When I finally got there (I thought I was never going to make it!) I found Maryellyn Smith and Joyce Hecht waiting to assist. They're both registered nurses now. The doctors said it was only a sprain so he taped it and my ankle was as good as new.

I finally arrived at home just in time to get things around for school.

September 5th rolled around and it found me at Ashley High School again, as a faculty member this time. The fact is the whole faculty body had been changed. Jean Brand is Home Economics teacher; Phyllis Perkins is commercial arts teacher; John Shipe is coaching and teaching mathmatics; Shirley Metzger is head dietition for our cafeteria, and I of course, was teaching physical education and music. I was certainly surprised to see all the kids and I told them of all my experiences and all the other classmates I had seen. Then somebody said, "Ray Stahl! What ever happened to him?" Jean enformed us that he and his wife had a church in Cincinnati and he was preaching! So that solved all the questions about what the Class of '53 was doing in '63.

# *Class Will*

We, the class of 1953 of Ashley, Indiana, being of sound mind, even after twelve years of school, in order that the remaining classes will recognize our superiority and importance feel it our supreme and sacred duty to bequeath our talents and most valuable properities to our unfortunate schoolmates, who we feel sure will not be able to survive without them.

To the faculty we will our good nature and pleasant smiles, also our ability of continual griping.

To the Juniors we will that rare gift, called Senior privileges, with the understanding that they are not to be handled carelessly, tossed about, or abused.

To the Sophomores we will our text books which have all the answers written in them--here's hoping they are right.

To the Freshmen we will our long lost love for our studies if you can find it.

To the Janitor we will our old torn up love letters and cuds of gum we have thrown in the wastebasket or have left in various places.

I, Ruth Bowerman, will my ability to be devilish and get away with it to Davey Hamman.
I, Bob Bowman, will my ability to play basketball to Jerry Parnell.
I, Carolyn Brand, will my loud and boisterous ways to quiet Sally Mergy.
I, Jean Brand, will my worn out horn to anyone who has the ability to blow it.
I, Marlene Brenneman, will my music ability to Ark Rinehart.
I, Jackie Days, will my fancy skating ability to Pat Walker.
I, David Dilley, will to Floyd Schwartzengraber the ability to get along with all the women and not to fool with just one.
I, Theresa Ellert, will my love of Ft. Wayne to Carol Leas who is seen more at Auburn.
I, Sheila Forrest, will my ability to be satisfied staying home nights to Myrna McClellan.
I, Pat Gramling, will my freckles to anyone who is healthy enough to have them.
I, Marianne Gfeller, will my vigorous ambition to Phyllis Brenneman.

The Ashley Chapter of Future Farmers of America is one of the many chapters in the United States and its possessions that is doing exceptionally fine work. The aims of the F.F.A. are to develop leadership and interest in farm life which will bring agriculture closer together.

This year to raise funds we are selling jello, garden seeds, Coca Cola at ball-games and at school, scrap and junk, and this year we started something new. Last fall we picked up corn from some of the fields around the community. We are now in the process of feeding some hogs out. With this set up we will raise our funds greatly. With the money we raise we take trips and sponser the 4-H clubs in Smith-field and Fairfield townships. Last fall five boys went to Purdue Swine Day at Purdue as a F. F. A. trip. Six boys went to the International Livestock Show as a credit trip. Next spring in April five boys will go to the state F. F. A. convention at Purdue as a credit trip. To go on these trips the boys earn credit or points on the amount of money they help the chapter earn.

# JUNIOR AND SENIOR TRIP

Old paper! Pies! Cakes! Candy! Ice cream!--and we ended up with enough to go on a four day trip!!!

Sixty-two juniors and seniors and four sponsors--Mr. and Mrs. Frederick, Mrs. Arney, and Mr. Libey--left Fort Wayne, May 7, 1952, at 7:00 a. m. , on two Indiana Railway buses. On our first day we stopped at Tippecanoe Battle-ground, took a tour of Purdue University, located in West Lafayette, looked over Turkey Run State Park and ate our lunches there; our next stop was Decatur, Illinois, where we stayed the first night.

The second day we ventured to Springfield, Illinois, where we visited Lincoln's Tomb, his home and the capitol building. We passed the First Presbyterian Church where Lincoln went to church; from here we went northwest of Springfield where is located New Salem State Pk. This was most impressive and historic of anything we saw. About a hundred miles west of Springfield we crossed the Mississippi River and from here we went on into Hannibal, Missouri, where we stayed the second night.

The third day we started out by going to the Mark Twain Cave where we saw and heard interesting sights. From here we went to the Mark Twain Museum where he lived as a small boy. Across the street is Becky Thatcher's home. She was Tom's childhood sweetheart. From here we leave Missouri and go to Keokuk, Iowa, where we ate dinner. In Burlington, Iowa, we then cross the Mississippi River on our way to La Salle, Illinois, where we stayed the third night.

On our fourth and last day we left La Salle and visited the Starved Rock State Park seeing many interesting points. We left here and traveled toward Chicago; here we visited the airport and the Museum of Science and Industry. About four o'clock we left Chicago and got back into Ashley around 10:15, Saturday night. What tired juniors and seniors! But we enjoyed ourselves immensely.
